SESSION EVALUATION

Q. Please provide general comments about the session and how it might be improved.

Email	Responses
Anonymous	I found the papers on L3 vs L4 instrumentation very helpful
Anonymous	Good choices of papers L3 vs L4 good discussion
Anonymous	Too much Harms Study Group
Anonymous	I would like to see more papers from other sources than the harms study group
Anonymous	Good start
Anonymous	Excellent
Anonymous	This has been a good session
Anonymous	Great session
Anonymous	I liked the aq and A
Anonymous	Nothing earth shattering with any of the presentations.
Anonymous	Strongly agree with preserving the lumbago sacral mobility unit. I would have liked deeper exploration of this topic
